Dear Colleagues,

I hope all is well. I am writing to ask for your assistance in spreading the word about an upcoming opportunity for your students to learn about Penn Microbiology, Virology, and Parasitology (MVP) Graduate Program (see details below). The goal of the panel is to highlight the different components (research, mentoring, resources, community, etc.) that MVP has to offer and make MVP the ideal program to complete doctoral studies. For more information about our program, please visit us at https://www.med.upenn.edu/camb/mvp.html.

**Event:** Panel Discussion - University of Pennsylvania - Microbiology, Virology, and Parasitology Graduate Program  
**Date:** August 5, 2020  
**Time:** 7:00 PM (EST)

[REGISTER](https://www.med.upenn.edu/camb/mvp.html) to receive the ZOOM information.

Thank you,
Arnaldo

**PENN MICROBIOLOGY**
We wanted to let you know that 2 of our graduate programs will have a virtual table at NIH’s Graduate & Professional School Fair next week to introduce themselves and field questions. Please pass this along to your students; they can register for free via this link: https://www.training.nih.gov/gp_fair.
Learn about the Biophysics and PSPG Graduate Programs at the 2020 NIH Virtual Graduate & Professional School Fair!

Biophysics will have a virtual table on Thursday, August 6, 2020 from 1 - 2:30 pm PDT to introduce you to our program and field any questions you may have. 
https://biophysics.ucsf.edu/

PSPG will have a virtual table on Thursday, August 6, 2020 from 9 – 11 am PDT.
